Subject: RE: testing for tomorrow.

Just some background.... today we sampled a well that had not been used in quite a while. I pumped clear from the start and stabilized in about one hour.

For tomorrow afternoon we will be at Ex. 6 - Personal Privacy 3. We will be sending out a purge team to start at 1330. I would estimate that we will be ready to start sampling about 1430. However, it may take longer, I really won't know for sure until we have begun purging.

Please feel free to try and call me before deciding on your arrival time.

Rich
